Basic Information

Introduction

The doctoral program of Public Administration was established in 2011. In 2012, the public management ranked 7th in the national discipline evaluation of the Ministry of Education. In 2017, it was ranked A. The social policy and administrative management ranked among the QS Global 100 for three consecutive years from 2019 to 2021. Our school takes "learning, morality, self-reliance, and determination" as the education concept, and implements professional education that combines interdisciplinary basic theories and empirical research, aims to cultivate first-class academic elites and public management leaders with a solid theoretical foundation and research ability in social sciences, with firm beliefs, practical ability, innovative spirit and an international perspective, for the all-round development of morality, intelligence, physical fitness, beauty, and labor.

We strengthen communication with government departments and carries out international cooperation in running schools. The development direction of the graduate students is high-level professionals engaged in academic research and practical work in public management, with special emphasis on the ability of students to innovate in theory, integrate theory with practice and solve practical problems. We have a group of distinguished professors and endowed professors, etc. Half of our team have obtained Ph.D. from famous overseas universities, many of them have taught prestigious European and American universities and obtained tenure.

Emergency management is a secondary discipline in Public Management that integrates various specialized knowledge such as administration, political science, sociology, law, operations research, information technology, and psychology. In April 2020, Shanghai Jiao Tong University was awarded the "First Batch of Pilot Units for the Construction of Secondary Disciplines of Emergency Management", and passed the discipline demonstration in May 2020. Outstanding graduates with related majors or science and engineering backgrounds from prestigious universities and candidates with high foreign language proficiency are welcome to apply.
